

xylazel®

HIGH HEAT PAINT

1. DESCRIPTION

Product Type

Xylazel High Heat Paint is a tough and durable coating specially formulated to withstand temperatures up to 600°C. With synthetic resins and special pigments.

Ideal to protect and decorate areas in your home which require protection from elevated temperatures: fire surrounds, guards and boilers.

Advantages

- It perfectly withstands very high temperatures.
- No primer required.
- Washable.
- Xylazel High Heat Paint is resistant to knocks, cracking and flaking.
- Excellent behaviour in contact with most of chemical agents.
- It is resistant to alcohol stains, petrol, greases.
- Excellent levelling properties and easy to apply.

Colours

Black mat finish and Silver.

Packaging

375 ml, 750 ml.

Spray 400 ml.

2. TECHNICAL DATA

Covering capacity:

Up to 10 m²/litre.

Flammability point:

>25°C

Overcoatable:

From 50 minutes on up.

Cleaning of tools:

Oxirite Thinner.

3. USAGE GUIDE

Preparation

Surfaces should be clean, and dry.

Remove any dirt, grease or any loose material. Wipe all surfaces with white spirit before application if necessary.

It is also recommended lightly sand the surfaces to favour coat adhesion.

Application

Ensure the surface is cool before and during painting.

Stir thoroughly and apply the first coat using a brush or spray gun.

Apply two coats for maximum protection and allow 50 minutes between coats.

Wait until the following day before exposing the surface to heat.

Clean brushes and stains with

Oxirite Thinner.

4. OTHER INFORMATION

Apply in accordance with the coverage guidelines otherwise product performance will be reduced.

Do not apply if the room temperature is below 5°C or over 30°C during application and drying or in conditions of high humidity.

Store in a cool, dry, well ventilated place away from heat and sources of ignition. Do not empty into drains or water courses. Some local authorities have special facilities for disposing of waste coatings.

6. INFORMATION AND SERVICE

Whilst these specifications are based on expert technical knowledge and practical experience, we cannot assure responsibility for any work as the ultimate result depends on factors beyond our direct control.

Our Technical Services Department will be pleased to offer specific guidance or provide any further information you may require.
